

The Spence Update

15 APRIL 2019

Dear Friends,

As the world stands still amidst threats to health, economy and development, we wish to bring you up to date with the latest news and happenings to keep you abreast with our immediate situation on the ground.

Our resorts in Sri Lanka, Maldives, India and Oman are missing the buzz that kept us on our toes. However, we do hope that the situation takes a turn to the better, and soon; so that we can once again open our home to you.

Wishing you good health, happiness and inspiration during these trying times.

Stay safe.

Our response plan against COVID-19

Our hotels and resorts around the world have taken the necessary precautions to flatten the curve. Whilst following WHO guidelines and working closely with local authorities, the resorts have also developed a comprehensive plan, not just on mitigation and working around the present situation, but also on the way forward.
